I can now add the adjectives "barbaric" and "sadistic" to describe Sheriff Elfo. I wouldn't house an animal in the Whatcom County Jail.

You're a sick man, Sheriff Elfo, feeding a pregnant woman endless meals of white bread, with **no** vegetables or fruits or nutritionally dense food of any kind, while being housed in a disgustingly dirty, gloomy, and airless environment.

Ever heard of "innocent until proven guilty"? Not Bill Elfo. He's going to get his pound of flesh long before they reach a courtroom or jury of their peers. Ever heard of Javert, your mirror image, you sick, sick sadist?

There is a special circle of hell for you, Bill Elfo. In this life and the next. I'll make sure of that.
