Since 1/29 when I asked Apollo Scott to stop trespassing on my property, he and his sociopathic parents (Tania/James Scott) and ex-con/unhinged friends (Reuben Sanchez/Danielle Bocker) have conducted a relentless campaign of harassment/stalking, trespassing, and *Godfatheresque* violence and threats, on almost a daily basis.

Because WCSO refuses to protect and serve or document and do even basic, cursory investigations of these incidents – even clear-cut assault and laughably bogus alibis – their behavior escalates daily in evermore brazen harassment/stalking and assaults. ***(See photos/transcript below of Bocker's 8/2 harassment/stalking and assault that got both her and Reuben Sanchez formally trespassed from my property, in a rare and incredibly impressive instance of WCSO actually doing their jobs. I am in your debt, Deputy Heinrich.)***

I have over 700 videos/photos of this behavior, going back to 5/21 when I installed game cams to capture their almost daily harassment/stalking, including often stopping on the road to yell and swear at me (i.e., "You get your ass back here. Hey, you get your ass back here" and [to my neighbor standing next to me] "She's a freak. I don't know why anyone would fucking come here") and taunt me with all the things WCSO has supported, condoned, and encouraged them to do for over 8 months.

Today was no different. As I was double-checking for more of the over **900 roofing nails** they've thrown onto my driveway between **9/9** (first hearing for AHPO/ASPO petition on Apollo Scott) and **9/23** (last hearing for AHPO/ASPO petition on Apollo Scott), Danielle Bocker once again harassed/stalked me, in her inimitably unhinged way.

**10/4/21 9:07 a.m.**

**Danielle Bocker drove up Crest Lane, brought her car to a full stop, a short distance from where I was checking for more roofing nails, and yelled in a taunting voice, "I can still drive by your house, you know."**

**She then drove up the road a short distance, stopped, exited her car, and continued yelling at me, "I'm allowed to drive by this house, right?"**
