NARRATIVE:

PRIMARY

CASE TITLE: Juvenile Problem / Trespass

EVENT DESCRIPTION: on 03/04/21 I was working as 2S76 in Whatcom County. At about 1249 hours, I spoke with contact Jennifer DUBROW via telephone. Jennifer reported an on-going problem with four juvenile males in the neighborhood repeatedly trespassing on her property.

Jennifer told me she had hired the boys for yard work the previous year and knew them by name and face. She named them as Apollo, [REDACTED] [REDACTED] and [REDACTED]. I knew all four boys from previous contacts as Apollo SCOTT, [REDACTED] [REDACTED] [REDACTED] [REDACTED] and [REDACTED] [REDACTED].

Jennifer told me after they had done the work she had told them it was okay to cut through her yard. After seeing that damage was being done to her yard by the boys passing through she asked them to stop. They did not. Jennifer told me when it continued she tried talking to them, talking to some of the parents involved (she didn't have contact for all of them) and posting No Trespassing signs. Jennifer told me all of the efforts had failed and she still found the boys were repeatedly cutting through her yard.

We discussed the options and Jennifer asked me to speak with the parents of the four boys. Jennifer told me she felt Apollo was the main instigator and problem but wanted all four boys to issued trespass warnings to stay off of her property.

At about 1325 hours, I attempted to contact [REDACTED] at his father's residence. I spoke with John WINTER about the issue. He was familiar and had been contacted by Jennifer. John told me [REDACTED] was at his mother's house in Skagit County. I asked John permission to contact [REDACTED] via text message and he provided [REDACTED] number to me. I issued the trespass warning via text and [REDACTED] responded with, "Yes Sir."

At about 1335 hours, I spoke with [REDACTED] and his grandfather, Luis CHANCEY in person at their residence. I explained the circumstances to Luis and gave [REDACTED] the trespass warning. [REDACTED] told me he understood.

At about 1349 hours, I attempted contact with [REDACTED] at his residence but he was not home.

NARRATIVE:

PRIMARY

CASE TITLE: Suspicious Circumstance / Trespass

EVENT DESCRIPTION:

On 3-14-2021, at approximately 2328 hours, I was dispatched to contact Jennifer DUBROW regarding a trespassing complaint. Jennifer resides at 705 Sumerset Way, I contacted her via phone.

Jennifer informed me she has been having ongoing issues regarding juveniles trespassing on her property. Juveniles use her property as a shortcut to get from West Rd. to Sumerset Way.

Jennifer went on to explain that she has several trees in her back yard that she worries may blow over in a windstorm and damage her residence. Due to the trespassing by the juveniles Jennifer worries that the dirt under the tree canopy is eroding away causing the surface roots of the trees to be uncovered. Jennifer believes this is due to the foot and bike traffic of the juveniles.

Recently Deputy Thompson (21A07831) trespassed several Juveniles from her property, see Deputy Thompson's report for further information. In addition to the trespass warning Jennifer has also hung two "No Trespassing" signs in the area that the foot traffic occurs.

Jennifer informed me since the trespass warning was issued by Deputy Thompson she has seen the juveniles in the area, but, she has not observed them on her property. Today Jennifer discovered one of her "No Trespassing" signs had been pulled down and it appeared that the second sign had been tampered with. Jennifer specifically brought up Apollo SCOTT as a suspect although she had not observed the damage or any juvenile's trespassing.

Jennifer was not concerned about the "No Trespassing" signs but rather concerned about the trees on her property and the potential damage to her residence if the trees were to become unstable and fall onto her residence.

Due to the lack of evidence no criminal charges were pursued. I encouraged Jennifer to install cameras to attempt to catch those who are trespassing and tampering with the "No Trespassing" signs. I also encouraged Jennifer to contact the WCSO if she observed the juveniles trespassing on her property.

Jennifer informed me that she wanted the trespassing to stop and was also researching options to handle the trespassing issues civilly through a law suite in court. Jennifer wished that her report be documented to track the ongoing issues.

I then ended my contact with Jennifer. No further law enforcement action was taken at this time.

NARRATIVE:

PRIMARY - 4A163

CASE TITLE: Harassment

EVENT DESCRIPTION: On 05-17-21 at about 0837 hours, Jennifer Dubrow called WHAT-COMM to report ongoing harassment she was receiving. Jennifer advised that a "skinned," animal had been left in a bag on her property overnight and she believed it was left there by some juveniles connected with a civil small claims court case.

Sgt. Larson Cooley and I responded and contacted Jennifer at her residence, 705 Summerset Way. Jennifer explained the following to me:

Jennifer was receiving ongoing harassment by, whom she believed were likely, one or all of, three juveniles in Glenhaven. She named them as Apollo SCOTT, [REDACTED], [REDACTED], [REDACTED]. She mentioned a fourth juvenile, [REDACTED], [REDACTED] that she believed used to be involved, but had moved out of the neighborhood. Jennifer explained that the juveniles had been trespassed from her property. Jennifer summarized the previous investigations, which I later read in Deputy Thompson (21A07831 and 21A11986), Deputy Heystack (21A09075), and Deputy Hentz's (21A15475) reports (please see these reports for details).

In short, Jennifer had some of the juvenile boys work on her property wheelbarrowing dirt to the top of a hillside in her backyard where the land was eroding and some roots of some larger trees were getting more exposed. After the work was done, the juveniles were using her yard to cut through from West Rd to Summerset Rd. Jennifer asked one of the juveniles to tell the others that she did not want them cutting through the yard. Jennifer saw another boy cut through the yard and believed he and the rest of them were going to defy her wishes. The boys were trespassed however the following has occurred ever since; Heads of chickens were left in her yard, a potato and caulking was stuffed in her vehicle exhaust pipe, and her "No Trespassing," signs have been torn down.

Jennifer advised she is suing the parents of the above juveniles in small claims court and the hearing is on 5/20. Jennifer gave me a print out of reports, maps, and other evidence that she would be bringing to court. I later submitted the relevant paperwork to be scanned into this report.

Jennifer showed us the animal, which was determined to be a possum. It was in the center of the backyard, on the hillside where Jennifer said she had the juveniles do the yardwork. The possum was completely skinned, including the tail and laying on top of an opened, black garbage bag. Jennifer advised she had cut open the bag to see what was inside, but the bag was tied closed when she found it. Jennifer indicated she was a real animal lover and all animals were precious to her, so this was very traumatizing and horrifying to her. I told her I would be very upset as well, if I had experienced this same discovery at my home. I took photos of the possum and later entered the photos into Spillman. Sgt. Larson Cooley and I searched around the property and found no other evidence.

Sgt. Larson Cooley and I placed the possum in another thicker garbage bag and I later disposed of the possum, so Jennifer did not have to. I advised Jennifer I would investigate the matter and report back to her. Jennifer also mentioned there was an adult male that lived on West Rd, who appeared to be sort of a mentor to the boys. Jennifer believed the boys were usually in her part of the neighborhood to visit this male, which she believed was named, "Reuben."

Sgt. Larson Cooley and I first went to 393 E. Alder Rd, to attempt to contact [REDACTED] and his grandparents, who are his legal guardians. We contacted his grandfather, Luis CHANCEY, and his grandmother (unknown name). We explained what I was investigating and they advised that Chris had track after school yesterday

and he went to a friend's, "Travis'", house after that. He was home by his curfew at 1845 hours and as far as they knew, he was asleep in his room downstairs all night. His grandmother said she did laundry in the middle of the night around midnight or 0100 hours and she checked on [REDACTED] as she commonly does if she's up in the middle of the night, and he was asleep in his room. Luis and his wife said it was possible [REDACTED] could have snuck out, although he was almost done with his court probation and indicated they did not think he would jeopardize that by sneaking out.

Sgt. Larson Cooley and I used a ruse and told them, and all the parents, that the Sheriff's Office would be doing surveillance and extra patrols for a few days because of this incident. Luis and his wife were very cooperative during our contact with them.

Next, Sgt. Larson Cooley and I went to 381 Thompson Rd to contact [REDACTED] and his parent. [REDACTED] stepmom answered the door and advised [REDACTED] and his dad were doing work nearby. She called [REDACTED] father, John WINTER and they returned to the house within minutes.

I explained what I was investigating and [REDACTED] had a look of shock on his face and indicated it was horrible and he would never do that to an animal or to Jennifer. Both [REDACTED] and John were very cooperative and indicated they would do whatever was needed to help.

Sgt. Larson Cooley and I then went to 3051 Ridgeview Dr to contact Apollo and his parents. We knocked on the door and no one appeared to be home. It was a very nice day so we went to the back of the house and called, "Hello it's the Sheriff's Office," to see if anyone was sitting outside and a male and female came out of a shed in the back. The female identified herself as Alyssia SCOTT, Apollo's sister, who was visiting from Ellensburg. I advised her I was looking to contact Apollo and wanted to know where he was on the evening and then subsequent night of 5/16. Alyssia told me she was not at the house and was not sure where Apollo was that night. Alyssia gave me the phone number for her father, James SCOTT.

A little later that day I called James and told him what I was investigating. He advised Apollo was with him all evening and accounted for that night. James indicated it was becoming offensive to him how Apollo was getting blamed for everything that was happening to, "that woman." James told me he spoke to, Reuben SANCHEZ and Reuben said he saw three juveniles out at about 2am and he did not recognize them, and looked to be about 15-18 years old.

On 05-21-21 I went to 732 West Rd to contact Reuben. I knocked on the door and a woman answered identifying herself as, "Danielle," Reuben's girlfriend. I later learned this was Danielle BROCKER. She advised Reuben was not home, he was somewhere in the neighborhood laying concrete. I gave her my name and phone number and asked her to give it to Reuben and request he call me. Danielle was pleasant to talk to and appeared to be willing to help and cooperate in the investigation. Before I left Danielle told me she thinks that one of the boys that evening knew Reuben and he heard one of the kids say, "Hey Reuben!" I then went to 3019 Cedar Lane, where Reuben was working on a job, preparing to pour concrete. Reuben told me the following:

He was trying to mentor these groups of youths in the area and give them opportunities to work hard, finding jobs for them to do in the neighborhood. On the night in question he was up at 0200 or 0300 hours and he saw three juveniles walking on West Rd. He went outside and one of them said, "Hey Rueb!" He went to them and believed one of them looked like Apollo and he reached out and put his hands on both his shoulders and asked, "What are you doing out here?" Reuben said he then thought to himself, "This doesn't feel like Apollo," and the three juveniles left. Reuben said he heard one of them say as they were walking away,

"that guy scared the shit out of me." Reuben indicated he could confidently say Apollo was not there and he did not recognize the other two boys, but it was very dark and there were no street lights to see any details.

I then went to Jennifer's residence to update her on the investigation and she did not appear to be home. I left a business card advising her I would follow up with her.

Later that evening at about 1406 hours Danielle texted me and advised that Jennifer was "harassing," her and Reuben. I was off shift that day at 1400 hours so I responded to Danielle that she should either make a report to 911 or I would check in with her again after the weekend.

On 05-22-21 I received an email from Jennifer, which I will include in the Spillman photo file, reporting that she found some flyers that said things like, "LOVE YOUR NEIGHBORS," that a woman, who she believed was Reuben's girlfriend left on the Summerset Way/Crest Ln sign post. Jennifer also reported that at about 1930 hours that evening a man in a truck pulled up to her house and yelled, very loud and aggressively, "Hey, lady. Hey, lady." She took photos of the man and turned to go back inside her house and the male, "became more hostile, yelling, "Hey, get your ass back here. You get your ass back here."

Jennifer had taken photos of the fliers, I addition to the photos of Reuben and attached them to the email. I will upload these photos into the Spillman file. I observed the photos of the male and recognized the male as Reuben and the truck he was driving on 5/21 when I contacted him.

On my next working day, 5/23, I called Jennifer and advised that I did not have probable cause to arrest anyone, however I believed Reuben's comments were suspicious. I advised Jennifer that she could apply for an anti-harassment order through the courts to further deter Apollo and/or Reuben from contacting her and harassing her. Jennifer indicated she understood and thanked me for my involvement and investigation.

I called Danielle and Danielle advised that she was moving out and breaking up with Reuben. She said this situation was coming before this investigation, but she wanted to let me know. Danielle indicated that she did not mean any harm by the fliers, and I suggested that it appeared that she hoped they would help others be kind to Jennifer. Jennifer indicated that she was going to completely disengage with the situation.

Still on 05-23-21, I received an anonymous tip from a citizen that said they believed Reuben was involved in the latest harassment because they knew him to pick up, "roadkill," and do taxidermy work on the animals. The citizen said they absolutely did not wish to be named and also added that they did not believe Reuben would have killed a living animal or tortured it in any way.

Before the end of my shift that day (5/23), Jennifer emailed me and advised that Reuben came by her house again. Below is copied from this email:

I wanted to let you know about another incident that happened today with Reuben Sanchez. Both times he's passed my house when I was outside, yesterday and today, he's stopped specifically to harass me, and he refuses to go away.

At about 12:30 p.m. today I was in the front of my house with Bekki Dodd's son-in-law, Gabe Nelson, who I hired to to install two game cams on my property. (Bekki Dodd is our office manager.)

No more than 10 minutes after Gabe installed the game cam in the front that captures Summerset Way traffic, Reuben Sanchez pulled up in the same truck as

yesterday, rolled down his window and began trash-talking me to Gabe, as if I wasn't standing there.

He is, literally, the first photos recorded on the front game cam.

Since his conversation was only with Gabe, I pulled out my camera and snapped the attached photos. Both Gabe and I repeatedly asked him to go away, but he repeatedly refused to go. I doubt very much if he would have left at all if not for Gabe's insistence, which means I would have had to go back into my house to make him leave, like I did yesterday.

RSanchez: Yeah, get your little camera out. She's just a freak.
GNelson: Just leave her alone.
RSanchez: I can't believe anybody would fucking come here.
GNelson: Just leave her alone.
RSanchez: Yeah, I haven't even done anything.
GNelson: Then just drive.
JDubrow: Just go away (motioning with hand to go away).
RSanchez: I was talking to you, though.
JDubrow: Just go away (motioning with hand to go away).
GNelson: I understand. Let's just move on.
RSanchez: Oh, I'm moving.
GNelson: Okay.

After Reuben left, Gabe said he'd never met him and didn't know why he acted like they knew each other.

Jennifer requested I contact Reuben and advise him that she does not wish to have any further contact with him.

Shortly after this request by email, at about 1346 hours, Reuben happen to call me. We spoke about the situation and about items not related to this case and eventually I told him not to have any further contact with Jennifer. I told him I knew he probably wanted to handle this face to face and have a conversation with Jennifer, but Jennifer did not want to discuss anything with him and she did not want any contact with him what-so-ever. I told him Jennifer would likely be pursuing an anti-harassment order and it was really in his best interest to show the court (and me) that he could disengage and not contact Jennifer. He indicated he understood and would not engage with her. He even called me shortly after and advised he took, "the long way," to his house so he did not drive by Jennifer's.

At this time there is not enough evidence to develop probable cause, although Reuben's comments are suspicious and suggest that he is involved or covering for someone in some way.

*This is a supplemental report to the main case. Please review the original case for reference to the following information.

EVENT DESCRIPTION: On 08-03-21 Tania SCOTT requested I give her a call about some concerns she had with Jennifer DUBROW. On 08-04-21 I called Tania and she told me the following:

Jennifer had hung up posters all over Glenhaven with false information against her son, Apollo SCOTT (see attached photo that Jennifer emailed me). Tania advised that the statements Jennifer made were not true and disturbing. I told Tania that the day I spoke to Apollo's father, he seemed frustrated by Jennifer's accusations and I had been wanting to get an account of Apollo's exact whereabouts.

Tania thought back to the day of 5/16/21 and said she believed they had gone somewhere during the day and just had an evening in that evening. She said she remembers watching TV with the family that evening because when she heard Apollo was being accused or questioned about the incident she felt reassured that Apollo was not involved because he was at home all evening. I asked her if it was possible that Apollo could have snuck out that evening. She said that would not be likely because they had a security system and it would have gone off if he tried to sneak out that evening.

I asked if Tania would try and detail the day as best as she could. Tania sent me an email on 8/10/21 which said the following:

"On the day of and the evening of May 16, 2021, Apollo Scott was with his family all day and in bed at night. We had a long day of hiking and spending time at the beach on the 16th. In the evening, we made dinner and watched movies until we all decided that it was time for bed at around 9:30pm to get to sleep for school the next day. If needed, I can get a hold of the school to prove he was in school that day. I have attached a picture to show his whereabouts during the day. Also, we have ADT security so we would know if he snuck out."

Tania also attached photos of their trip from that day. A printed copy of this email and photos will be submitted for scanning into the report.

Also, it should be noted that previously, I had used a ruse and asked Reuben over the phone if he would be willing to do a polygraph test about being a part of the incident or knowing who was involved. Initially he indicated he would not but on 8/3/21 he contacted me and said he would be willing to do the polygraph. Initially I used this ruse to see how cooperative he would be, knowing that the polygraph examiners would likely not be able to perform this test, as they have been very back loaded with polygraphs. I did check with the examiners and received word that they had too many other polygraphs and would not be able to perform one on Reuben.

It should also be noted that Tania contacted me on 8/18/21 and advised that Apollo was served with Anti-Harassment Order paperwork. Tania was attempting to decipher what was required of Apollo or his parents to do. I checked with the WCSO civil division and found out that there was not a temporary AHO put in place although there was a hearing date set for 8/26/12 at 0900 hours. I let Tania know this information.

Tania also expressed concerns saying that the order detailed and stated as fact that Apollo had cut the tail and hands off the possum left at Jennifer's house to resemble an infant baby. Tania is concerned about Jennifer's mental health.

This concludes this report and my involvement at this time.

EVENT DESCRIPTION: On 09/08/21 I spoke with Reuben Sanchez at his residence. I was there to interview him regarding a trespass complaint against him. (21A27747) I asked him what had happened regarding the evening of this harassment incident.

Reuben told me he had happened to be outside his residence at about 0200-0300 when he saw a flashlight and saw three boys walking up the roadway towards his house from the direction that Jennifer Dubrow's house was in. He told me one of the boys called out to him by name as they got in front of his driveway. Reuben told me they told him they were coming from a friend's house and going to one of their houses. Reuben told me he did not recognize any of them. His statements were consistent with what I recalled about him telling Dep. Baker when she interviewed him.

Dubrow had requested law enforcement ask some very specific questions of Reuben regarding this incident. I did not have those committed to memory at the time of this interview. Some of them were simply inappropriate to ask as she had worded them in a manner not consistent with the issue at hand. Based on the account being given to me by Reuben it did not appear to me he was going to provide any significant information about the incident or implicate himself further.

No further action taken.

STATEMENTS TAKEN: None.

EVIDENCE: None.

FOLLOW-UP NEEDED: None.
