The attached video link -- https://1drv.ms/u/s!ApK_tJmo7gMng3rcSB73zfcVWyo?e=kURHff -- shows Reuben Joe Sanchez trying -- for the second time in 6 months -- to kill me by driving a weapon (heavy box van loaded with heavy machinery) straight at me on a public road. In self-defense, I pulled a handgun and pointed it at him to make him stop. Since he's already threatened to kill me and tried to kill me, I knew he wouldn't stop on his own. **(See attached criminal history and fears/concerns presented to Whatcom County Prosecuting Attorney Eric Richey and Prosecutor Kayleigh Mattoon in December 2021.)**

Since I've filed multiple complaints of corruption, racism, lying, and incompetence against WCSO Sheriff Bill Elfo and multiple officers, who will do anything to silence me now, they arrested me for trying to prevent a second murder attempt against me. And, in typically corrupt fashion, didn't arrest Mr. Sanchez.

glenhavenSINS.com tells the story of WCSO's corruption, racism, lying, and incompetence **and** Mr. Sanchez's threat to kill me in March 2021, in documented testimony under oath; his first attempt to kill me in September 2021; and his and his deranged family's relentless campaign of harassment/stalking, repeated trespassing on my property, and repeated violations of no-contact orders since March 2021 because, as they state, "You don't belong here."

4/8/2022 Email to Whatcom County Prosecuting Attorney Eric Richey:

I lost two houses — my daughter's inheritance — when the housing market imploded.

The fees to defend myself in this case would cost her her inheritance again. And I will sacrifice anything for her.

So I will tell the judge on 4/22 that I will be defending myself.

If I'm convicted by a jury of my peers, I will go to jail and use VSED to end my life, in lawful protest against injustice and corruption and abuse by those in positions of power and trust and authority.

No one should doubt my abilities and resolve and will in this matter. You have no idea how strong I am, physically, mentally, spiritually. Jen

Injustice anywhere is a threat to justice everywhere.

We are caught in an inescapable network of mutuality, tied in a single garment of destiny.

Whatever affects one directly, affects all indirectly.

MARTIN LUTHER KING, JR.

In the scope of the universe and the arc of justice, my life is of little consequence.

BARRY EISLER, *The Night Trade*

When you walk through fires of injustice, the flames will not consume you.

When you swim through rivers of difficulty, you will not drown.

When you walk through dark waters, I will be with you.

ISAIAH 43:2

There are those who discover they can leave behind destructive reactions and become patient as the earth, unremoved by fires of anger or fear, unshaken as a pillar, unperturbed as a clear and quiet pool.

DHAMMAPADA

There must be those among whom we can sit down and weep, and still be counted as warriors.

My heart is moved by all I cannot save:

so much has been destroyed
I have to cast my lot with those
who, age after age, perversely,
with no extraordinary power,
reconstitute the world.

What we're seeing, though, is one of the most powerful, one of the richest women in the world [Kim Kardashian], unable to get her ex to stop texting her, to stop chasing after her, to stop harassing her. Just think about that for a moment. Think about how powerful she is, and she can't get that to happen.

I grew up my whole life in an abusive household, right? One of the things I found most interesting was how often people told my mom she was overreacting. What I found interesting was how many times people told my mom to calm down, people told my family to calm down – everyone. You know?

And everyone had different reasons. I remember once we went to the police station, and they said to my mom, "Oh, but did you talk back? Is that why you're here? Oh, but what did you say to him?"

It's all these questions. All these questions. And I remember seeing this as a child, by the way. You see this as a child, you know? And you see a world where women are questioned for what is happening to them, as opposed to people questioning what is happening to them.

And for years, people said this shit. "This happens; that happens," everyone – police, some family, strangers. Whatever it was. Whatever it was.

And I'll never forget one day, I got a call from my brother saying, "Hey, Mom has just been shot in the head."

You see it in all these stories where people say, "We saw it, but we didn't..." Whether it's the people around them [harassers/stalkers], whether it's us as society, condoning or not condoning. But just as a society, we have to ask ourselves questions: Do we wish to stand by and watch a car crash, when we thought we saw it coming?

And all I'm saying about this story is, if Kim cannot escape this -- Kim Kardashian -- if she cannot escape this, then what chance do normal women have?
