**Subject: WCSO Deputy Klix Corruption and False Report**

**Dear Whatcom County Prosecutor Eric Richey, Prosecutor Kayleigh Mattoon, and Prosecutor Natasha Campbell:**

This email is to let you know that Deputy Klix recently contacted Prosecutor Natasha Campbell – after I reported Reuben Sanchez's 2/13/22 violation of the harassment no-contact order – about a "WCOT with Compass Health."

This contact with Ms. Campbell was apparently based on my statement that I would use lethal force if Reuben Sanchez attacked me again, which, as you know, I've also stated long before now to you and Ms. Mattoon directly and to thousands (literally, based on traffic reports) of Whatcom County taxpayers on my website:

**www.glenhavenSINS.com.**

Last I checked, since I'm not straight-out threatening to murder him (like he straight-out threatened to murder me in March 2021, in documented testimony under oath, and tried to murder me in September 2021) – just defend myself at the level of force allowed under our state's stand-your-ground and no-duty-to-retreat laws – that statement would be considered free speech and isn't actionable in any way. It's also a warning to Reuben Sanchez about what he will face the next time he maliciously assaults me and/or invades my property and home (as he has done with ex-wives, with a hammer in his hand).

Deputy Klix also took it upon herself to write a **detailed 12-page false report** – riddled with lies, opinions, errors, and omissions – in response to my report of the harassment no-contact order violation because I've filed multiple complaints about corruption by multiple deputies and Sheriff Elfo since February 2021. (This 12-page report would have taken **many, many hours** to compile, graphically demonstrating just how badly Sheriff Elfo wants to silence me.)

The only accurate thing in Deputy Klix's report is the names and addresses. (And, interestingly, the crimes she cannot paint as imaginary, because Danielle Brocker and Reuben Sanchez were arrested or cited for them, she simply discounts or omits completely.)

If Joe Friday's line was, "Just the facts, ma'am; just the facts," Deputy Klix's line is, "No facts, ma'am; just my lies, opinions, errors, and omissions and other people's lies, opinions, errors, and omissions, including the criminals' and their parents'."

Since her entire report is quoting from other reports and investigations I've already proven false and/or incompetent and/or corrupt, the whole thing fell apart the minute she put fingers to keyboard. Apparently, she's as corrupt as the others and is now trying to pull Whatcom County Prosecutor Eric Richey, Prosecutor Kayleigh Mattoon, and Prosecutor Natasha Campbell into WCSO's corruption and attempts to silence me.

Deputy Klix and Prosecutor Campbell and Sheriff Elfo are following the playbook of any corrupt organization or person whose corruption and crimes are exposed:

-- First, make it appear the complainant is crazy. (Just an FYI, WCSO: This equally corrupt trick works a whole lot better if you pull it **before** the complainant files over 40 complaints about WCSO corruption and incompetence and refusals to enforce laws and **before** the complainant creates and broadcasts a website to thousands of taxpayers with proof of the corruption and incompetence and refusals to enforce laws. Doing it in response to a taxpayer's reporting of a crime just puts the death knell on any credibility remaining to you.)

-- Second, lie and distort and omit and create false reports to justify suppressing and disparaging anyone who calls into question your competence and integrity – in essence, anyone who pulls the curtain back to reveal a short, fat, bald man who thinks he's God.

It's clear Sheriff Elfo will do anything now to silence me – even put a 12-page false report riddled with lies, opinions, errors, and omissions on the record. In response, I will be posting on my website soon a WCSO report with the **30,000 reported crimes per year for 2019-2021**, by zip code/neighborhood. Why Sheriff Elfo has withheld these stats from Whatcom County taxpayers is a mystery to me.

Whatcom County gets a grade of **D** on <https://crimegrade.org/violent-crime-whatcom-county-wa/> because of our high crime rate. Yet, Sheriff Elfo would have us believe his department isn't corrupt and is doing a good job, reporting that **only .6 percent (582) of those 90,000 crime reports in 2019-2021 are crimes of violence.**

Do you think Whatcom County taxpayers are stupid, Sheriff Elfo? Apparently so, since it appears you'll do anything to silence those who expose your corruption.

And even though **1 in 6 women** will be raped in their lifetime and **1 in 4 female college students** will be raped or experience an attempted rape while in school, Sheriff Elfo maintains there were **no attempted rapes** in Whatcom County in **2019-2021**. So I'll ask again: Do you think Whatcom County taxpayers are stupid, Sheriff Elfo?

It's interesting to note **all** the WCSO written reports since February 2021 contain substantive lies, opinions, errors, and omissions, which Deputy Klix then weaves into a consolidated report of **all** those lies, opinions, errors, and omissions – and then adds her own – in keeping with WCSO's stellar and corrupt tradition of filing false reports and doing no/pathetically substandard interviews and investigations so they don't have to establish probable cause or protect and serve. (See many examples on [www.glenhavensINS.com](http://www.glenhavensINS.com).)

Deputy Klix's latest report is no surprise, since I worked with Sheriff Elfo and have no illusions or delusions that he's an honorable man or that his department adheres to their stated vision, mission, and values on <https://www.whatcomcounty.us/2573/vision-mission-and-values>.

I don't know how they can post that with a straight face. And unfortunately, as anyone who's dealt with WCSO's corruption knows, his department has a long history of:

- lying in written reports and statements
- blaming their own deputies (**Matt Herzog**) for dying in high-speed car chases, after **you** failed to provide him with skid-car training
- allowing deputies to post racist images and statements, as *Crosscut* reported about **Deputy Ryan Rathburn**, who posted an image on Facebook of a female model in a Native American headdress, with the caption "Victoria's Secret apologizes after use of Native American headdress in fashion show draws outrage," accompanied with: "**Time to get the small pox blankets out and shut some people up.**"

Deputy Klix also states in her false report that I've refused to give the video/other proof of crimes and harassment/stalking to WCSO. This is also false.

I've told multiple deputies they can come by my house and review the hundreds of videos because they're too large to send via email or evidence link. **None have taken me up on my offer.** And when I misidentify a harasser/stalker (which has only happened once), I am as quick to report my mistake as I am to report the very real and ongoing crimes.

Also, my website contains some of the videos of the harassers/stalkers (on the **NEIGHBORS FROM HELL** tab) – **showing them in the act of harassing/stalking, including Reuben Sanchez going back and forth and back and forth in front of and behind my house up to 5 times per day** – between **5/25/21** and **3/1/22**, yet Deputy Klix corruptly states those, too, are figments of my imagination.

It's clear I can no longer report crimes against me or my property to WCSO without facing further corruption, so I'll rely on my self-defense training and stand-your-ground and no-duty-to-retreat laws to deal with Reuben Sanchez and Apollo Scott and their accomplices.

Last, if I'm not playing by WCSO's corrupt playbook or if I have no problem speaking truth to power and corruption, it's because I'm on the high-functioning end of the autism spectrum.

Yes, I don't always do things the way others do or act the way others act, but I'm not crazy, any more than others with some degree of or full-blown ASD (autism spectrum disorder) are crazy, such as Albert Einstein, Isaac Newton, Charles Darwin, Emily Dickinson, Bill Gates, Jerry Seinfeld, Satoshi Tajiri (creator of Pokémon), Leonardo da Vinci, Mozart, Michelangelo, etc.

Like many of them, I'm of above-average intelligence and creativity and have a strong moral code, including brutal honesty and complete contempt for liars and bullies and criminals. And a tendency to trust too easily, which is how Apollo Scott and his friends were able to deceive me initially as to their true natures.

An autistic culture has developed, with some individuals seeking a cure and others believing autism should be accepted as a difference to be accommodated instead of cured. I'm in the latter camp because ASD gives me invaluable gifts I wouldn't trade for the world.

(You can see a perfect depiction of someone with ASD in the Ben Affleck movie *The Accountant*.) Jen
