NARRATIVE:

PRIMARY

CASE TITLE: Reckless Endangerment/Malicious Mischief 2nd Degree

EVENT DESCRIPTION:

On 12/31/20 at approximately 2127 hrs, I was dispatched as primary reporting deputy to 3062 Glenhaven Dr for a report of shots. The reporting party, Beverly CROUTER, called 911 to report the neighbors behind her were making popping noises. It was unknown if it they were shooting guns or fireworks, but she found a large hole in her door. She thought they shot it with something. The neighbor was identified as Apollo SCOTT. Deputy James was dispatched to assist.

Upon arrival, I contacted Beverly at her home. Beverly invited Deputy James and I inside her home. Beverly explained to me all day she had been hearing a "plinking" noise coming from the SCOTT's residence (3051 Ridgeview Dr) behind her. Beverly said she saw about three to four people on the deck of the Scott's residence. Beverly said she saw one of the males pumping up a pump action pellet gun on the deck. Beverly said she first thought it was fireworks, so she shut off her lights to check if she could see flashing in her skylights. Beverly said she didn't see any flashing, so she turned the lights on. Beverly said she was standing next to her refrigerator when she heard a loud "pow" or popping noise coming from her sliding glass door. When Beverly checked the outside, the outside glass pane was shattered. Draven OWEN, who is a relative of Beverly and lives downstairs, also heard the sliding glass door break. I took photos of the damaged sliding glass door and uploaded them to files for this case report.

I asked Beverly if she saw who was shooting the pellet gun. Beverly said she did not, but believed it may be Apollo or one of his friends. Beverly said the boys looked to be teenagers in age. Beverly said the one with the pellet gun was definitely a male.

I asked Beverly if she would like to pursue charges for the damages. Beverly said she would like to. I asked Beverly if she would be willing to provide a voluntary written statement. Beverly said she would. I provided a statement form to Beverly. The following is what Beverly wrote,

"On December 31 I was in the living room in the early evening and kept hearing a pining sound. This continued for a couple of hours. I went into the kitchen to check again, checked the skylights for damage and walked towards the refrigerator when I hear a loud "pop" and saw the patio door fracture. There was a hole in the house side panel. I had noticed 3 - 5 youth on the deck of the house at 3051 Ridgeview during the event. I saw one youth pumping a pellet gun just prior to the last "pop". The youth appeared to be males, mid to late teens."

"The last shot was fired at about 9:20 pm. Upon further inspection, I found another window over the kitchen sink that had been hit." [END OF STATEMENT]

Deputy James and I contacted two juveniles at 3051 Ridgeview Dr identified as [REDACTED] and [REDACTED]. I asked [REDACTED] if his mother, Tania SCOTT, was home. [REDACTED] said she was not. I asked if [REDACTED] and [REDACTED] were the only one at the residence. They said they were and they have been the only two there for the last couple hours. I asked [REDACTED] what he and [REDACTED] were doing tonight. They said they had been shooting their BB gun. I informed [REDACTED] and [REDACTED] I was there because their neighbor across from their backyard had a broken sliding glass door. I asked [REDACTED] what they were shooting at. [REDACTED] said they were shooting at a pop can on the deck. [REDACTED] said they had set up a piece of cardboard behind it. [REDACTED] said he would show me how they had everything set up. [REDACTED] invited both Deputy

James and I inside.

I followed [REDACTED] to the back deck. [REDACTED] said they had a piece cardboard set up against the balusters and they would set the pop can in front of the cardboard. [REDACTED] said they had the cardboard up against the south side of the deck and the west side of the deck. I observed holes in the cardboard, most likely caused by the BB's from the bb gun. The way [REDACTED] had the cardboard set up on the south side of the deck, the backstop for the BB would have been the back of Beverly's house. On the west side of the deck, the back stop would be bushes, but beyond the bushes there was another house. I asked [REDACTED] and [REDACTED] which one was shooting towards Beverly house. Both [REDACTED] and [REDACTED] said they were shooting and they did not know which one of them had hit the window.

After I was done speaking to [REDACTED] and [REDACTED] I called Tania to inform her of what had happened. Tania said she couldn't believe Beverly's window was shattered because the boys were only allowed to put four to five pumps of air into the BB gun. Tania said this was to prevent the boys from hitting other people's houses. I advised Tania, Beverly wanted to pursue charges and this report would be forwarded to the Whatcom County Juvenile Court.

Deputy James had gone back to Beverly's house to retrieve her written statement, while I was on the phone with Tania. I joined Deputy James at Beverly's residence. Deputy James and Beverly informed me they found another BB mark on her kitchen window. The window was chipped where the BB had hit. Deputy James took photos and uploaded them to this case file.

Beverly informed me it would cost about \$600 to replace her sliding glass door and about \$150 to repair her kitchen window. In total, Beverly had about \$750.00 of damage.

Based on the facts and circumstances there is probable cause for Malicious Mischief 3rd Degree and Reckless Endangerment. Malicious Mischief 3rd degree for shooting the glass and causing about \$750.00 of damage. Reckless endangerment for shooting a BB gun towards Beverly house causing the potential of possibly injuring Beverly or Draven. Although there is probable cause for the circumstances, it is unknown who had shot the glass since both [REDACTED] and [REDACTED] did not know which one of them had shot the glass or when they did it. There also was no malicious intent in [REDACTED] or [REDACTED] shooting the glass. They did not realize they had even damage the glass. Additionally, both [REDACTED] and [REDACTED] are about [REDACTED] Please forward this report to the Whatcom County Juvenile Courts for review of charges.

STATEMENTS TAKEN: Beverly CROUTER voluntary written statement.

EVIDENCE: Photos

FOLLOW-UP NEEDED: None.
